## COMPANY PROFILE

# Allied Credit Solutions: "Real People, Real Solutions"

*Written by Woodie Stephenson*

Allied Credit Solutions, LLC's founders Aaron Faubion and Patrick Murphy pride themselves in providing a permanent solution for today's consumer credit dilemmas.

Whether helping real estate professionals to secure financing or better rates for their clients or providing a way to alleviate the credit problems arising from fraud, divorce or foreclosures and the like, these two industry-leading credit professionals have focused on providing excellent service and positive results since Allied was established in 2007.

"There are many companies working in the credit repair industry who charge a monthly fee for their services" Faubion shares. "We charge a flat rate for our services, thus giving us every incentive to complete a file for our client as soon as possible."

An experienced force in the credit and finance industry who has personally reviewed over 20,000 credit reports in his career, Faubion is the centerpiece of a staff with a combined total of over 25 years experience in the industry.

Faubion explains the risk-free benefits that Allied provides. "With a 'No Results—No Charge' guarantee, our clients can be certain that we will closely examine each case and determine a quick plan of action. If we cannot provide positive results, then we return our client's money with no questions asked. Our initial evaluation and estimate is free and if we make the determination that we cannot make a positive impact, we will not take the case."

Allied's process is a multi-stage plan of action directly involving creditors, credit bureaus, bankruptcy courts and civil courts.

"Many companies have a generic template program they try to utilize in credit repair; however, no two credit reports are alike. Our model

**"They are excellent people to do business with. They deliver on everything they promise, they are extremely ethical and professional, and, in turn, I use their services on a regular basis."**

strives to expedite individual results and help our clients meet their deadlines and goals."

In addition, partner Patrick Murphy serves as General Counsel, keeping the company up to date on the latest consumer protection laws and making sure that all legal and regulatory matters are closely monitored.

Murphy says, "We pride ourselves in providing service and results, period. Typically, we can present our clients with results in around 30-45 days. Our custom tailored multi-stage process is unmatched in the industry."

Regular client Ken Bearce, Bank of Commerce, applauds Faubion and Murphy's ethics, service and drive for results. "They are excellent people to do business with. They deliver on everything they promise, they are extremely ethical and professional, and, in turn, I use their services on a regular basis. In such a credit-driven business where so few can buy with cash, Allied Credit Solutions is a very valuable asset to have in your toolbox when it really matters for your clients to qualify." ■
